

South East SA's Dawn Chorus: A morning of birdsong

Wake up a little earlier and join BirdLife South East SA for a morning of birdsong. Learn about bush bird calls and ID along with other rare locals including the Orange-bellied Parrot. We might even see the elusive Powerful Owl - Australia's largest owl.

Coincides with BirdWatch Ireland's Annual National Dawn Chorus Day, and we hope to share choruses with our Irish counterparts. Ideal for beginners through to advanced birdo's, or those just looking to get out and explore the local area. Family Friendly.
