

Learn More About Birds

and get involved with citizen science.

- Have you ever wanted to be involved in bird watching but don't know where to begin?
- Have you wanted to be able to quickly identify the bird that just moved through the bush in front of you?
- Perhaps you have an **interest in science, or a love of natural history?**
- Would you like to learn about bird anatomy, behaviour and ecology?
- Are you keen on improving your knowledge of birds and **contributing to scientific research?**
- Are you fit and enjoy the outdoors?

**Limited to 20 people*

This FREE 10-week bird monitoring course* might be for you!!

Our course can help you gain the level of skills and knowledge necessary to survey birds that most people take years to nurture and develop! You will need to be able to commit four hours a week (5 PM – 9 PM) for ten weeks to be trained.

Dr Greg Kerr is a behavioural ecologist and teacher with a desire to help people appreciate the complexity of biodiversity in our region and to facilitate citizen science programs.

This project is supported by Nature Glenelg Trust through funding from the Ross Trust.

Where: Portland Library, Large Meeting room.

When: Thursday 22 & 29 Sep, 6, 20 & 27 Oct, 3, 10, 17 & 24 Nov, and 1st Dec. From 5 PM – 9 PM.

How: Email Greg Kerr greg.kerr@natureglenelg.org.au
